My XM Satellite radio is the best purchase I have ever made. I travel across the state of Montana on a daily basis and I can't imagine doing all of the driving without my XM. I no longer have to switch CD's while driving or search for radio stations that play nothing but commercials. I absolutely feel XM provides the BEST service with traffic and weather channels and the music channels are out of this world. I urge the FCC to REJECT the NAB's petition 04-160 and support XM Satellite radio!!!
